CHARACTERISTICS OF GEM

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

To the Shareholders

Dear Sir or Madam,

**PROPOSED REFRESHMENT OF GENERAL MANDATE
AND
NOTICE OF EXTRAORDINARY GENERAL MEETING**

INTRODUCTION

The purpose of this circular is to provide you with information relating to (i) the Refreshment of General Mandate; (ii) the recommendation from the Independent Board Committee to the Independent Shareholders on the Refreshment of General Mandate; (iii) the recommendation from the Independent Financial Adviser to the Independent Board Committee and the Independent Shareholders, on the Refreshment of General Mandate; and (iv) the notice of EGM, at which the necessary resolutions will be proposed to the Independent Shareholders to consider and, if thought fit, approve the Refreshment of General Mandate.

LETTER FROM THE BOARD

EXISTING GENERAL MANDATE

At the AGM, the Shareholders approved, among other things, an ordinary resolution for granting to the Directors the Existing General Mandate to allot and issue not more than 160,000,000 Shares, being 20% of the entire issued share capital of the Company of 800,000,000 Shares as at the date of passing of the relevant resolution.

As announced in the announcements of the Company dated 21 December 2020, 6 January 2021, 20 January 2021 and 1 February 2021, up to 160,000,000 Shares may be allotted and issued under the Existing General Mandate under the Convertible Bonds. The Existing General Mandate has been utilized as to 160,000,000 Shares, representing 100% of the aggregate number of Shares which may be allotted and issued under the Existing General Mandate.

As at the Latest Practicable Date, the Company had not made any refreshment of the Existing General Mandate since the AGM and save for the 160,000,000 Conversion Shares under the Convertible Bond, there were no other outstanding options, warrants, convertible securities or other rights to subscribe for Shares.

PROPOSED GRANT OF NEW GENERAL MANDATE

As at the Latest Practicable Date, the Existing General Mandate has been fully utilised. The Company will convene the EGM at which ordinary resolutions will be proposed to the Independent Shareholders that:

- (i) the Directors be granted the New General Mandate to allot and issue Shares not exceeding 20% of the aggregate number of the issued Shares as at the date of passing of the relevant ordinary resolution at the EGM; and
- (ii) the New General Mandate be extended to Shares repurchased by the Company pursuant to the repurchase mandate granted to the Directors at the AGM.

The Company has not refreshed the Existing General Mandate since the AGM. The New General Mandate proposed will last until whichever is the earliest of:

- (i) the conclusion of the next annual general meeting of the Company;
- (ii) the expiration of the period within which the next annual general meeting of the Company is required by the Articles of Association or any other applicable laws to be held; or
- (iii) the passing of an ordinary resolution by the Shareholders in general meeting revoking or varying the authority given to the Directors under the New General Mandate.

As at the Latest Practicable Date, the Company had an aggregate of 800,000,000 Shares in issue. On the basis that no further Shares are issued and/or repurchased by the Company

LETTER FROM THE BOARD

between the Latest Practicable Date and the date of the EGM, the Company will be allowed under the New General Mandate to allot and issue up to 160,000,000 Shares, representing 20% of the aggregate number of the issued Shares as at the date of the Latest Practicable Date.

REASONS FOR THE GRANT OF THE NEW GENERAL MANDATE

The Company is an investment holding company while its subsidiaries' principal businesses are provision of information technology (“IT”) infrastructure solutions services, IT development solutions services, IT maintenance and support services and trading of entertainment products.

Having reviewed the financial position of the Group, the Board considers that the Group has imminent need for funding because of the following reasons:

1. As disclosed in the announcement of the Company dated 25 February 2021, Kinetix Shanghai, an indirectly wholly-owned subsidiary of the Company, entered into the Memorandum with the Shanghai Jing'an District Finance Bureau on 25 February 2021 in relation to the comprehensive co-operation with the Shanghai Municipal Government and the establishment of its PRC's headquarter. According to the Memorandum, Shanghai Kinetix is required to have not less than US\$20 million of working capital within 2 months of the date of the Memorandum.
2. To accelerate the integration of the comprehensive co-operation pursuant to the Memorandum, the Group has an additional funding need in the amount of approximately RMB4 million for the construction and decoration work of the Enterprise Incubation Centre which the Group aim to complete by May 2021.
3. The Group requires additional funding for its general working capital to support its business development in the PRC.

As a result of the issuance of Convertible Bonds, the Existing General Mandate has been fully utilised. It is expected that the next annual general meeting of the Company will be held around the end of May 2021, which is about 1–2 months from the date of this circular. As set out above, the Company is in imminent need of cash for its general working capital prior to the next annual general meeting of the Company and hence has an imminent need to refresh the Existing General Mandate. The New General Mandate will allow the Company to have sufficient flexibility to grasp appropriate fund raising opportunities during this period. As such, the Directors consider that the Refreshment of General Mandate is justifiable.

The Directors have considered other financing alternatives apart from equity financing such as debt financing, right issue, open offer or internal cash resources to meet the immediate funding needs of the Group, if appropriate, taking into consideration the financial position, capital structure and cost of funding of the Group as well as the prevailing market condition.

LETTER FROM THE BOARD

However, debt financing such as bank borrowing may incur interest burden to the Group and may be subject to at least 2 to 3 months of due diligence and negotiations. In addition, the ability of the Group to obtain bank borrowing usually depends on the Group's profitability, financial position and the then prevailing market condition. In addition, debt financing not only creates additional interest paying obligations on the Group which affects its profitability but also increases its gearing ratio. Furthermore, debt financing may involve pledge of assets (e.g. the Group's equity interest of incubation portfolio companies) which may potentially impair the Group's flexibility in managing its investment portfolio including but not limited to the realization of its investments. Given that debt financing will usually incur interest burden on the Group, the Directors consider debt financing to be relatively uncertain and time-consuming as compared to equity financing for the Group to obtain additional funding.

As for rights issue or open offer, it would require the Company to undergo a comparatively lengthy process, which is estimated to take up to approximately 4 months, in order to (i) identify suitable underwriter(s) and to negotiate terms agreeable to the parties; (ii) prepare the requisite compliance and legal documentation, including but not limited to the underwriting agreement(s), announcement(s) and prospectus(es). As such, the Board is of the view that the lengthy period involved in a rights issue or an open offer may result in the Company being subject to the adverse effects of the current volatile market, and therefore increase uncertainty in being able to raise the requisite amount of funds.

With regard to the issue of Shares under New General Mandate (if granted to the Directors), the process usually takes approximately 1–2 months and minimal cost is involved. As at the Latest Practicable Date, the Company is currently in the preliminary process of negotiating certain terms and conditions with some institutions for conducting proposed equity fund raising of the Company within the next 1–2 months but as at the Latest Practicable Date, no formal or legally binding agreement has been entered into by any members of the Group. The Refreshment of General Mandate would enhance the financial flexibility of the Group to raise additional capital and decisions may have to be made within a limited period of time in order to respond to any opportunities promptly. In addition, if the Existing General Mandate is refreshed, the Group will also be in a better bargaining position in negotiation of any potential business or investments. Should the negotiations of the Company with the respective institutions come to fruition in the near future, the Company will be able to enter into a formal agreement with the relevant institutions shortly after the Refreshment of General Mandate.

It is noted that the issue of Shares under the New General Mandate (if granted to the Directors) is only one of the means of financing of the Group. In the event that any opportunities arise and need prompt decision, the Group could consider and use different methods (including utilising the New General Mandate) to conduct fund raising.

LETTER FROM THE BOARD

FUND RAISING ACTIVITIES OF THE COMPANY IN THE PAST TWELVE MONTHS

Set out below is the fund raising activities of the Company in the past twelve months immediately prior to the Latest Practicable Date:

Dates of announcements	Event	Net proceeds	Intended and actual use of proceeds
21 December 2020, 6 January 2021, 20 January 2021, 1 February 2021	Issue of Convertible Bonds	HK\$48,000,000	100% of the net proceeds from the issue of Convertible Bonds were used as the consideration for the acquisition of exclusive LED products agency selling rights

Save as disclosed above, the Company has not conducted any other equity fund raising activities in the past twelve months immediately preceding the Latest Practicable Date.

EGM

Pursuant to Rule 17.42A of the GEM Listing Rules, the Refreshment of General Mandate will be subject to Independent Shareholders' approval at a general meeting of the Company. Any controlling Shareholders and their respective associates, or where there is no controlling Shareholder, the Directors (excluding independent non-executive Directors) and the chief executive of the Company and their respective associates shall abstain from voting in favour of the relevant resolutions to approve the Refreshment of General Mandate.

As at the Latest Practicable Date, to the best knowledge, belief and information of the Directors, having made all reasonable enquiries, Vigorous King Limited, a company owned as to 100% by Mr. Yu Pak Lun Larry (the chairman and an executive Director of the Company), was holding an aggregate of 415,000,000 Shares, representing approximately 51.88% of the existing issued share capital of the Company. As such, Vigorous King Limited is required to abstain from voting in favour of the resolution regarding the Refreshment of General Mandate at the EGM.

To the best of the Director's knowledge, information and belief having made all reasonable enquiries, as at the Latest Practicable Date, except Vigorous King Limited, no Shareholder is required to abstain from voting on the proposed resolution on the Refreshment of General Mandate at the EGM.

PRINCIPAL FACTORS AND REASONS CONSIDERED

In formulating our opinion and recommendation in respect of the Refreshment of General Mandate, we have taken into account the principal factors and reasons set out below:

1. Background of the Refreshment of General Mandate

The Group is principally engaged in provision of information technology (“IT”) infrastructure solutions services, IT development solutions services and IT maintenance and support services and trading of entertainment products. At the AGM, the Shareholders approved among other things, an ordinary resolution to grant to the Directors the Existing General Mandate to issue up to 160,000,000 Shares, which is equivalent to 20% of the aggregate number of the issued Shares as at the date of passing of the said resolution. The Existing General Mandate has not been refreshed it was granted at the AGM.

As disclosed in the announcement of the Company dated 21 December 2020, Kinetix Systems Limited, an indirectly wholly-owned subsidiary of the Company, entered into a sale and purchase agreement with Dalian Luminary Technology Inc., (“**Dalian Luminary**”) to acquire the exclusive LED products agency selling rights with a term of 15 years through the issuance of Convertible Bonds with a principal amount of HK\$48 million at the conversion price of HK\$0.30 per Share to Dalian Luminary. Assuming the conversion rights are exercised in full, 160,000,000 new Shares, being approximately 20% of the total number of issued Shares as at the Latest Practicable Date will fall to be allotted and issued under the Existing General Mandate to Dalian Luminary. Completion of the issuance of the Convertible Bonds took place on 1 February 2021. As a result of the completion of the issue, the Existing General Mandate has been fully utilized.

As at the Latest Practicable Date, the Company had an aggregate of 800,000,000 Shares in issue. The grant of the New General Mandate could allow the Directors to allot, issue and otherwise deal with up to 160,000,000 new Shares, representing approximately 20% of the aggregate number of issued Shares as at the Latest Practicable Date, assuming that no further Shares are issued and/or repurchased by the Company prior to the date of EGM.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

The New General Mandate, if granted, will continue in force until the earliest of:

- (i) the conclusion of the next annual general meeting of the Company;
- (ii) the expiration of the period within which the next annual general meeting of the Company is required by the memorandum and articles of association of the Company or any applicable laws to be held; or
- (iii) the passing of an ordinary resolution by the Shareholders in general meeting revoking or varying the authority given to the Directors under the New General Mandate.

2. Reasons for the Refreshment of General Mandate

As disclosed in the Letter from Board, the Existing General Mandate has been fully utilised and it is expected that the next annual general meeting of the Company will be held around the end of May 2021 (the “**2021 AGM**”). The Board proposes to seek the approval of the Independent Shareholders at the EGM on the Refreshment of General Mandate to provide the Company with sufficient flexibility to grasp appropriate fund raising opportunities before the 2021 AGM.

As disclosed in the announcement of the Company dated 25 February 2021, Kinetix Shanghai, an indirectly wholly-owned subsidiary of the Company, entered into the Memorandum with the Shanghai Jing’an District Finance Bureau in relation to the comprehensive co-operation with the Shanghai Municipal Government and the establishment of its PRC’s headquarters and required additional funding for its general working capital to support its business development in the PRC. According to the Memorandum, Kinetix Shanghai is required to have not less than US\$20 million (equivalent of approximately HK\$155 million) of working capital within 2 months of the date of the Memorandum, i.e. 25 April 2021.

Based on the annual report of the Company for the year ended 31 December 2020 (“**2020 Annual Report**”), the Group had cash and cash equivalents of approximately HK\$35.8 million as at 31 December 2020. As stated in the 2020 Annual Report, the net proceeds of the Group raised from the initial public offering was approximately HK\$34.1 million, after deducting the underwriting fees, commissions and other listing expenses. As advised by the Directors, the unutilized net proceeds amounted to approximately HK\$19.7 million as at 31 December 2020, of which approximately HK\$19.1 million have been earmarked for specific uses such as developing IT solutions services and expanding the application of ERP system, etc., which does not fall into the category of the abovementioned project with the Shanghai Municipal Government. As at the Latest Practicable Date, the majority of the existing cash, bank balances and existing banking facilities of the Group have been earmarked for the Group’s projects on hand. As such, we concur with the Directors that the grant of the New General Mandate will allow the Company to capture any suitable fund raising opportunities in a timely manner that may

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

arise before the 2021 AGM in order to meet its financial needs on the recent business development.

As advised by the Directors, the Group has unused bank facilities of HK\$25 million to fulfil the capital needs of the Group as at the Latest Practicable Date. However, the purpose of the loan is restricted to financing payment of invoices issued by the suppliers of the Group.

In assessing whether the Company has an imminent need to refresh the Existing General Mandate, we have reviewed (i) the 2020 Annual Report; and (ii) the earmarked IPO proceeds and the cash and cash equivalents as at 31 December 2020. Based on our review and discussion with the management of the Group, we noted that (i) the Group had cash and cash equivalents of approximately HK\$35.8 million as at 31 December 2020; and (ii) the Group shall lay down not less than US\$20 million (equivalent to approximately HK\$155 million) by 25 April 2021 for the Group's project in Shanghai with an additional approximately RMB4 million (equivalent to approximately HK\$4.8 million) for the construction and decoration work of the Enterprise Incubation Centre. The Company had an immediate need of fund in the short run. On this basis, we concur with the Directors that the Company has an imminent need to refresh the General Mandate. Should suitable fund raising opportunities on favorable terms arise prior to the 2021 AGM, the Company can utilise the New General Mandate for the proposed equity financing and the proceeds from which may be used for the business development.

As disclosed in the 2020 Annual Report, the Group believes that the global and local economic uncertainties and the COVID-19 pandemic may adversely affect the Group's business and overall short-term performance. The Group will be cautious in managing the business risk; be prepared to respond to changes in the challenging business environment, and aim to strategically develop the Group's business to mitigate the impacts. The Group will carefully plan and formulate strategies to manage these factors, continues to seek new business opportunities and diversify the Group's business segments. As at the Latest Practicable Date, the Company was in the progress of exploring suitable equity fund raising opportunities within the next 1 to 2 months. Although the Company had no concrete fund raising plan as at the Latest Practicable Date, a decision to harness any fund raising opportunities is often required to be made within a very short period of time. As such, we concur with the Directors that the Refreshment of General Mandate will allow the Company to capture any suitable fund raising or business opportunities in a timely manner that may arise before the 2021 AGM.

As compared to issuing Shares under general mandate, issuing Shares under specific mandate when the relevant terms regarding the fund raising plan is finalised will require longer lead time, arising from the preparation, printing and despatch of the relevant circular and notice of extraordinary general meeting as well as the holding and convening of extraordinary general meeting for each occasion. Furthermore, as advised by the Directors, the specific mandate may not be obtained in a timely manner to secure suitable investors especially given the volatility of the market. The Directors consider that if the Company is

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

able to identify any suitable fund raising opportunities with attractive terms prior to the 2021 AGM, the Board will be able to respond to the market promptly with the New General Mandate. As compared to obtaining specific mandate from an extraordinary general meeting, the process of issuing Shares under general mandate for fund raising is simpler and less time-consuming which would allow the Company to avoid the uncertainties arising from such circumstances where specific mandate may not be obtained from the Shareholders in a timely manner.

Taking into account (i) the full utilisation of the Existing General Mandate as at the Latest Practicable Date; (ii) the existing financial resources of the Group; (iii) the funding requirement of the Group's project with Shanghai Municipal Government prior to the 2021 AGM and (iv) the restriction of current banking facilities, we consider that the Refreshment of General Mandate would provide the Company with more financial flexibility and options to raise further capital for the operation of the Group prior to the 2021 AGM without seeking further approval from the Shareholders in an extraordinary general meeting when such funding needs arise, which is in the interests of the Company and the Shareholders as a whole. As advised by the Board, the Company had no concrete fund raising plan to utilise the New General Mandate as at the Latest Practicable Date.

3. Fund raising activities of the Company during the past twelve months

Set out below is the summary of fund raising activity of the Group during the past twelve months immediately preceding the Latest Practicable Date:

Date of announcement	Event	Net proceeds	Intended and actual use of proceeds
21 December 2020, 6 January 2021, 20 January 2021, 1 February 2021	Issue of Convertible Bonds	HK\$48 million	100% of the net proceeds from the issue of Convertible Bonds were used as the consideration for the acquisition of exclusive LED products agency selling rights

Save for the abovementioned, the Company had not conducted any other equity fund raising activities in the past twelve months immediately preceding the Latest Practicable Date.

4. Other financing alternatives

The Directors have considered other financing alternatives apart from equity financing such as debt financing, right issue, open offer or internal cash resources to meet the immediate funding needs of the Group, if appropriate, taking into consideration the financial position, capital structure and cost of funding of the Group as well as the prevailing market condition. As advised by the Directors, debt financing such as bank borrowing may incur interest burden to the Group and may be subject to at least 2 to 3 months of due diligence and negotiations. The ability of the Group to obtain bank borrowing usually depends on the Group's profitability, financial position and the then prevailing market condition. In addition, debt financing not only creates additional interest paying obligations on the Group which affects its profitability but also increases its gearing ratio. Furthermore, debt financing may involve pledge of assets (e.g. the Group's equity interest of incubation portfolio companies) which may potentially impair the Group's flexibility in managing its investment portfolio including but not limited to the realization of its investments. Given that debt financing will usually incur interest burden on the Group, the Directors consider debt financing to be relatively uncertain and time-consuming as compared to equity financing available to the Directors if the refreshment of the general mandate is granted.

As regards rights issue or open offer, the Directors consider that it may involve substantial time and cost to complete as compared to equity financing by issuance of new Shares under general mandate. Although both rights issue and open offer would allow the Shareholders to maintain their respective pro-rata shareholdings in the Company, the discount to market price needed to be offered may be higher for a rights issue or an open offer in order to enhance its attractiveness to shareholders, as compared to a placing of new Shares. In addition, substantial underwriting costs may be involved and there is a lack of certainty in the successful implementation of a rights issue or an open offer with their longer timetable.

The Directors have confirmed that they would exercise due and careful consideration when choosing the optimal financing method available to the Group to the best of their knowledge and belief.

In addition, the Refreshment of General Mandate will provide the Company with an alternative and the Company will have flexibility and discretion in deciding the financing methods for its operation and business development. Therefore, we concur with the Directors that raising funds through issue of new Shares under the New General Mandate can better control the completion risk and is more cost-effective and time-efficient.

5. Potential dilution effect to the existing public Shareholders

The utilisation of the New General Mandate would dilute shareholding of existing Shareholders. The table below sets out the shareholding structure of the Company (i) as disclosed in the announcement dated 21 December 2020; and (ii) for illustrative purpose, immediately upon full utilisation of the New General Mandate:

Notes:

- Vigorous King Limited is held as to 100% by Mr. Yu Pak Lun Larry (the chairman and an executive Director of the Company). Therefore, Mr. Yu Pak Lun Larry is deemed to be interested in the Shares which Vigorous King Limited is interested in for the purpose of the SFO.
- Ms. Leung Ruby Huey Boon and Ms. Yiu Wai Ki are deemed to be interested in 80,000,000 Shares separately as disclosed in the latest disclosure of interests filing under the SFO.
- The issuance of a maximum of 160,000,000 Shares under the New General Mandate is based on 20% of the number of issued Shares assuming no conversion of the Convertible Bonds before the date of the EGM (i.e. 800,000,000 Shares).
- The issuance of a maximum of 192,000,000 Shares under the New General Mandate is based on 20% of the number of issued Shares assuming full conversion of the Convertible Bonds before the date of the EGM (i.e. 960,000,000 Shares).
- Percentages may not add up to 100% due to rounding.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

In the last twelve months immediately prior to the Latest Practicable Date, the Company completed the issuance of the Convertible Bonds in February 2021 under the Existing General Mandate to acquire the exclusive LED products agency selling rights. As at the Latest Practicable Date, no rights attaching to the Convertible Bonds have been exercised. As illustrated above, the shareholding of the existing public Shareholders would be diluted from approximately 28.12% to approximately 23.44% and approximately 19.53% respectively upon full utilisation of the New General Mandate, assuming no conversion and full conversion of the Convertible Bonds into conversion shares before the date of the EGM. As advised by the Directors, given that (i) the shareholding of Ms. Leung Ruby Huey Boon and Ms. Yiu Wai Ki in the Company will be less than 10% upon the full utilisation of the New General Mandate and (ii) both Ms. Leung Ruby Huey Boon and Ms. Yiu Wai Ki are independent third parties to the Company, the Shares held by both shareholders will be counted as part of the public float of the Company upon the full utilisation of the New General Mandate. As such, the minimum requirements of the public float under Chapter 11 of the GEM Listing Rules is ensured.

We consider that the aggregate dilution impact on the existing Shareholders to be acceptable as compared to pre-emptive fund raising alternatives such as rights issue or open offer after taking into account that (i) the potential dilution impact on the existing Shareholders may be even greater as the price for a rights issue or an open offer would normally involve a substantial discount to the market price if the Shareholders choose not to subscribe for their own entitlements under the rights issue or open offer; (ii) the new Shares cannot be allotted and issued at more than 20% discount to the benchmark market price under the New General Mandate; and (iii) the New General Mandate will provide the Group with more financial flexibility and options to raise further capital for the Group's operation as the Company is able to respond to any fund raising opportunities with favorable terms in a timely manner whereas there is a lack of certainty in the successful implementation of a rights issue or an open offer with its longer timetable.

In conducting any placing of new Shares pursuant to the New General Mandate, the Directors would have a fiduciary duty to the Company to negotiate fair terms that are in the interests of the Company and the Shareholders as a whole. In deciding whether to use and how to use the New General Mandate, the Directors would take into account, among other things, the immediate funding need of the Group, the time and cost involved, and the potential dilution of shareholding of the existing Shareholders that may be brought by any placing of new Shares. In considering any proposal for issuing new Shares, the Directors would also consider the pricing and availability of opportunities for other financing alternatives such as debt financing or internal resources, with the aim to achieve an efficient capital structure of the Company. Based on the above and given the volatility of the capital market, we consider that the Refreshment of General Mandate is in the interests of the Company and the Shareholders as a whole as it would provide the Directors with the flexibility to capture any suitable equity fund raising opportunities that may arise from time to time in a timely manner.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

OPINION AND RECOMMENDATION

Having taken into account the above principal factors and reasons, we consider that the Refreshment of General Mandate is fair and reasonable and in the interests of the Company and the Shareholders as a whole. Accordingly, we advise the Independent Board Committee to recommend, and we ourselves recommend, the Independent Shareholders to vote in favour of the ordinary resolution(s) to be proposed at the EGM to approve the Refreshment of General Mandate.

Yours faithfully,
For and on behalf of
